

POST

Looking for work? . . . or more work?

November 3, 2020

... fear you might be in this position at some point?

The image shows a grid of six environmental tools, each with an icon, a title, and a brief description. The tools are arranged in two rows of three. The background is orange.

 SEARCH It's "google" for environmental	 AI EARTH Mapping of environmental data and compliance information	 BENCHMARKING Benchmarks company environmental performance
 VALIDATOR Reviews Phase 1 Environmental Assessment Reports	 GENERATOR Identifies potential emissions reduction opportunities	 NOTIFICATIONS Notifications for new agency filings

EnviroAI has more environmental apps to build and deploy. There is a ton more work that must be done. We need more people. We are also looking for more service providers and technology companies to collaborate with. Even more than being

great innovators, we want to be the best technological collaboration company in the world.

---“When it comes to the speed at which innovation is advancing, whoever collaborates the fastest wins.”

- Jed Anderson, Creator, EnviroAI

---“Building the environmental future of tomorrow ... today.”
