

POST

Our customers have a HUGE intelligence advantage.

November 10, 2021

Helping environmental professionals serve more people ... better ... faster.

Don't get left behind!

AI is here.

Environmental professionals choosing not to augment themselves will not be able to keep up. As for the augmented, you will far surpass your current abilities to serve others, your organizations, and the world.

Additionally, a site for Title V purposes consists of all of the stationary sources that are contiguous or adjacent, and **under common control** of the same person (or persons **under common control**) (30 TAC 122.10(27)).

Two properties are considered to be **under common control** of the same person (or persons **under common control**) if they are owned by the same company, or if they are owned by companies, each of which is controlled by the same parent company.

Additionally, please indicate whether there is the possibility that the third party may be a person under control of the joint venture, or if the third party and the joint venture may be controlled by persons **under common control**.

---“I’m trying to help my profession. I’m trying to help my ‘competitors’. I’m trying to give my profession a huge tool to serve people better and faster—and if done correctly, make more money.”

And IF you cannot afford EnviroAI ... please let us know so we can work with you. We do not want anyone left behind by artificial intelligence. It should help all of us ... not just the environment and companies ... ALL OF US.
