# Re-name EPA?

March 4, 2021

Moving beyond protection ... is it easier?

Are we moving into the environmental enhancement era?

**EPA**

United States  
Environmental ~~Protection~~  
Agency **Enhancement**

—“The more I study artificial intelligence, quantum physics, and the trajectory of technological innovation in the environmental sciences ... the more I get a vision that humans will become the reason earth survives for as long as she will. It’s incredibly ironic that humans started out hurting earth through innovation, and now

this innovation is evolving to be the reason she will survive for as long as she will in the first place. Redemptive. Transformative. Transcendent.” - Jed Anderson, Environmental Attorney & Entrepreneur
